

India Aviation 2008 to begin on Oct 15

D H NEWS SERVICE

BANGALORE: The largest passenger aircraft in the world, the Airbus A-380 from France, will be the cynosure of all at 'India Aviation 2008' all set to take off on 15 October at Begumpet Airport, Hyderabad.

Labelled as the first ever international exhibition and conference on civil aviation, it will be inaugurated by Praful Patel, union minister for civil aviation. The expo will showcase the development of the Indian civil aviation industry, at a time when the country is on its way to become a major player in the world aviation industry.

The opening ceremony will be supplemented with a spectacular fly-past by the Surya Kiran and Sarang helicopters from the Indian Air Force.

National Carrier Air India, will also induct a new Airbus 319 on the occasion. More than 35 CEO's from major aviation companies from across the globe are expected to participate in the show.

Civil aviation ministerial delegations from 25 countries have also been invited to participate in the expo, jointly organised by the Ministry of Civil Aviation and the Federation of Indian Chambers of Commerce and Industry.
